

One day Rangaiah went to the village, 'Indravelli' with his son, Murali to meet his friend Kesav. It was a tribal village. Rangaiah knew many of the villagers. He greeted everyone on the way and reached Kesav's house. "This is Kesav uncle's house," said Rangaiah.

"How nice uncle's house is!" said Murali. Shall we see how Kesav's house is?

How nice uncle's house is! Why did Murali say so?

What all is seen on the walls of the house?

Does your house look the same? If not, how is it different?

Rangaiah and Murali returned back to their village after four days. Murali made good friends with the new comer Jahangir in the class.

Jahangir took Murali to his house. Seeing the flower plants in front of the house Murali said, they were beautiful. Jahangir told Murali that they have many plants around their house.

What all are there in front of Jahangir's house?
Where are the shoes kept?

Jahangir and Murali both went inside. Murali felt happy on seeing Jahangir's house. He said, "your house is very nice." Why Murali might have said so?

Where and how are the books kept?
Where are the clothes?
How are the walls of the house?

Murali went to his friend Vijay's house with his sister Saritha on Sunday. Observe the picture of Vijay's house given below.

They found plastic covers and waste paper in front of Vijay's house. Murali and Saritha went inside. Vijay's house can be seen in this picture.

You have seen Vijay's house. Is this the way a house should be? Think

What should be removed from the front of Vijaya's house? Tell and Write.

How can we keep the front yard of our house clean and green?

Where are the shoes kept? How can we arrange them?

Why are the mosquitoes and house flies in the house?

Where are the clothes? How should you arrange the clothes?

How are the books and toys? How would you arrange and keep them in the right place?

Which house do you like? Jahangir's or Vijay's? Why?

Murali's family went to a relative's marriage. They returned home after one week. Their small house has only one room. When they came back they found the front of the house dirty due to the wind and dust. They also found dust on the floor. They swept the room with a broom stick and washed the floor with water. All started cleaning the house together. Murali and Saritha arranged the books in order on the shelves and all the trash was taken out and thrown into the dust bin.

They watered the plants, dusted and arranged the photos and toys on the television. Murali's father and mother arranged the kitchen utensils properly. Observe how they have arranged their things in their house in the picture given below.

Do you do your household work like Murali and Saritha?

Do you keep your house clean? If so, how?

Where do you keep your books, pens, pencils after studying?

Do you arrange your clothes? If not, who does it for you?

What would you do when you find waste paper and dust in your house?

Some houses look clean. When we look at other houses we feel we can arrange the things more properly. Some look ugly. Hut, tiled house or pucca house, whatever may be the house, when we arrange the things properly they become convenient and look attractive. It is also healthy to live in a clean house.

What would happen if we leave the dust and garbage as it is in the house without cleaning?

Every house has some dust every day. We ourselves should clean it. Where should we throw the garbage of our house? Think and say. Observe the pictures given below :

Observe the picture and tell where the garbage is being thrown?

How should we dispose the garbage?

Who clears off the garbage of your street and house?

When do they do this?

When we leave the garbage without clearing foul smell comes from it. Mosquitoes and house flies increase. This type of house looks dirty and ugly. We feel uncomfortable to live in it. It makes us unhealthy. Hence, all dirt should be cleaned from time to time. House should be kept neat and clean.
