ECONOMIC APPLICATIONS

Aims:

1. To familiarize students with the basic concepts of economics and economic phenomenon.
2. To develop their analytical skills.
3. To provide students with hands-on-experience in analyzing economic problems that they normally come across.

CLASS IX

There will be one theory paper of two hours duration of 100 marks and Internal Assessment of 100 marks.
The paper will consist of Part I and Part II.
Part I (compulsory) will contain short answer questions on the entire syllabus.
Part II will consist of questions that will require detailed answers. There will be a choice of questions.

THEORY – 100 Marks

1. Basic Concepts of Economics
   (i) Meaning and definition of Economics; Economic entities: Consumer, Producer, Households and Government. The importance of these economic entities. The meaning of an economy and role of the economic entities.
   A basic understanding of the concepts of economics. The definitions of economics with reference to allocation of resources and scarcity of resources (Robbins, Samuelson). Basic explanation of the role of consumer, producer, government and households in an economy.
   (ii) Three major problems of an economy: What to produce? How to produce? For whom to produce? Efficient use of resources; basic understanding of the terms: economic growth and economic development
   A brief introduction to the basic problems of an economy - What to produce? How to produce? For whom to produce? Needs to be emphasized irrespective of the type of an economy. Manner in which economics as a subject helps us to allocate scarce resources in an efficient way needs to be explained. The concept of economic growth and economic development should be explained.
   (iii) The nature and the classification of an economy: developed, underdeveloped and developing economy; Capitalistic, Socialistic, Mixed economies- main features.
   A basic understanding of the features of capitalistic, socialistic and mixed economies is required. Meaning and classification of economies into developing and developed should be explained.

2. An Overview of Indian Economy
   The nature of Indian economy: the main sectors of Indian economy - Agriculture, Industry and Services. Role of these sectors in Indian economy and their interrelationship. The sectors according to ownership- private and public; the sectors according to type of economy- rural and urban.
   Role of agriculture in India and its problems.
   Impact of Agricultural practices on the Ecosystem.
   Construction of dams- loss of habitat species.
   Loss of top soil and desertification.
   Indiscriminate use of fertilizers and pesticides.
   Measures to check the ecosystem;
   Governmental initiatives: not building large dams for generating hydroelectric power which leads to less land being submerged and less displacement of people.
   Alternative cropping for checking loss of topsoil and desertification. Plantation and conservation of grasslands to check soil erosion. Use of manure, bio-fertilizers and bio-pesticides green manuring, compost. These are eco-friendly alternatives to pesticides and fertilizers.
   Role of Industries in the Indian Economy.
   Impact of industrial practices on the ecosystem.
Mining, industries, energy generation, automobiles, urbanisation leading to defacement of land, deforestation, deterioration of hydrological resources.

Industrial waste: mining operations, cement factories, oil refineries, construction unit.

Spoilage of landscape, pollution, health hazards, effect on terrestrial, aquatic (fresh water and marine) life.

Measures to check the ecosystem.

Improving efficiency of existing technologies and introducing new eco-friendly technologies.

Methods of safe disposal of waste - segregation, dumping, composting, drainage, treatment of effluents before discharge.

Abatement of pollution.

Air: setting standards and implementing them, using technical devices to reduce pollution.

Importance of Service Sector – National Income, Employment and Regional Development (in brief, no statistical data required). Interdependence of all three sectors (Primary, Secondary and Tertiary).

Meaning of Private and Public sector with examples. Meaning of Rural and Urban sector with examples.

3. Infrastructure of the Indian Economy

Economic and social infrastructure of Indian economy. Social infrastructure- education, health, family welfare and housing.

A basic understanding of the economic and social infrastructure and its role in India’s economic development. The problems pertaining to lack of such infrastructure and their adverse impact on the economy to be discussed.

4. Consumer Awareness

Ways in which consumer is exploited. Reasons for exploitation of consumers; Growth of consumer awareness; consumer behaviour in the market; consumer rights. Legal measures available to protect consumers from being exploited – (COPRA, RTI).

Understanding the importance of educating consumers of their rights - awareness of food adulteration and its harmful effects.

5. Globalization

Meaning and factors enabling Globalization, WTO, impact of Globalization.

WTO (main objectives), favourable impacts of the globalization – starting of MNC’s and benefits to Indian companies.

NOTE: IT IS SUGGESTED THAT CASE STUDIES MAY BE DISCUSSED ON THE FOLLOWING TOPICS-

- Globalization
- Consumer Awareness
- Bhopal Gas Tragedy
- Chernobyl Disaster

INTERNAL ASSESSMENT – 100 Marks

Candidates will be required to do a minimum of four assignments during the year, as assigned by the teacher.

Suggested list of assignments:

1. Identify 100 consumers of major brands of edible oils in a locality/ area where you live. Draw up the pattern of their monthly expenditure on this product and compare it with the other household expenditure. Make a presentation of your findings in class.

2. Identify the major brands of bathing soaps that are available in the market in your area. Select a sample of 10 shops/ department stores that sell these brands and collect the sales of these brands over a period of one week at these shops. Identify the brands that sell the most and make a presentation for your class.

3. Make a presentation on the central problems an economy faces. Explain these with reference to the Indian economy.
4. Take a developed country such as the USA and a developing country such as India. Analyze the main characteristics of these economies.

6. Take a table of food grain production in India from any textbook on Indian economy or any other secondary source such as internet. Interpret the changes in the production over a given period of time.

7. Given a table of population growth for period between 1971 and 2001 and table of contribution of agriculture, industry and services sector for the same period, compare the two tables and present your findings in the form of a presentation.

8. Make a presentation of the major trading partners of India in the last 15 years. Specify the major changes that have taken place in the last five years.

9. What are the major items of export and imports from India in the last five years? Use secondary data sources and make out the changes that have taken place in this context.
## INTERNAL ASSESSMENT IN ECONOMIC APPLICATIONS - PROPOSED GUIDELINES FOR MARKING WITH GRADES

<table>
<thead>
<tr>
<th>Criteria</th>
<th>Preparation</th>
<th>Procedure</th>
<th>Observation</th>
<th>Inference</th>
<th>Presentation</th>
<th>Marks for each criterion</th>
</tr>
</thead>
<tbody>
<tr>
<td>Grade I</td>
<td>Excellent choice of firm, appropriate to project; clear identification of aspect to study; good research.</td>
<td>Originality and relevance; creative, rational and structured thinking; effective model; good questionnaire.</td>
<td>Systematic record of data; good arrangement of data; independent market survey; creative representation.</td>
<td>Information fitted correctly to model; work indicates understanding, good comprehension of subject.</td>
<td>Methodical, precise and clear expression; neat and tidy presentation; optimum utilisation of skills.</td>
<td>4 marks</td>
</tr>
<tr>
<td>Grade II</td>
<td>Relevant choice of firm; identified aspect to study; adequate research.</td>
<td>Originality and structured thinking; adequate framing of questions; good insight.</td>
<td>Able to record data, but not step-by-step; able to grasp information; independent market survey.</td>
<td>Can judge and grasp information correctly; conclusion quantitatively evaluated.</td>
<td>Work neat and tidy and clearly presented; methodical and appropriate techniques used.</td>
<td>3 marks</td>
</tr>
<tr>
<td>Grade III</td>
<td>Adequate choice of firm; some idea of what to study; some information gathered.</td>
<td>Records information correctly but lacks originality; independent framing of questions.</td>
<td>Assistance required in presenting, recording and arranging data; can conduct market survey.</td>
<td>Requires some assistance to relate data to model; able to relate to economic scenario.</td>
<td>Reasonably clear but work disorganised in places; writing untidy in places.</td>
<td>2 marks</td>
</tr>
<tr>
<td>Grade IV</td>
<td>Firm selected but continuous assistance required for collection of information.</td>
<td>Unable to form a correct model; requires assistance to prepare questionnaire.</td>
<td>Tends to make mistakes in organising data; some ability to conduct market survey.</td>
<td>Assistance required in order to grasp the relevant and validity of information; tends to make errors.</td>
<td>Sequence of work acceptable but not very neat; poor presentation.</td>
<td>1 mark</td>
</tr>
<tr>
<td>Grade V</td>
<td>Lack of perception of the subject and objective; lack of effort.</td>
<td>Not able to comprehend concept of a model; unable to prepare questionnaire even with assistance.</td>
<td>Faulty survey and mistakes in data; not able to proceed even with assistance.</td>
<td>Cannot process results; faulty conclusions in spite of assistance provided.</td>
<td>Data presentation untidy and disorganised; effort and initiative lacking.</td>
<td>0 marks</td>
</tr>
</tbody>
</table>
