Ice-cream Man

Read and Enjoy

0526CH01

*What is cold, sweet and creamy, and
wonderful to eat? Everyone's favourite treat especially
on a hot summer day is an ice cream! And everyone's
favourite person might just be the Ice-cream Man!*

When summer's in the city,
And brick's a blaze of heat,
The Ice-cream Man with his little cart
Goes trundling down the street.

Beneath his round umbrella,
Oh, what a joyful sight,
To see him fill the cones with mounds
Of cooling brown and white:

Vanilla, chocolate, strawberry,
Or chilly things to drink
From bottles full of frosty-fizz,
Green, orange, white, or pink.

His cart might be a flower bed,
Of roses and sweet peas,
The way the children cluster round
As thick as honeybees.

Wonderful Waste!

*Waste can be quite useful !
Find out for yourself from this story...*

Once, the Maharaja of Travancore ordered a grand dinner in his palace. In the afternoon before the dinner, the Maharaja entered the kitchen to survey the dishes that had been prepared for the feast.

“What are you going to do with those vegetable scraps?” he asked the cook, pointing to the basket of scraps near the cook. The cook replied, “They are waste. We will throw them away.”

“You cannot waste all these bits and pieces of vegetables. Find a way to use them,” the Maharaja commanded sternly and walked away.

The cook was in a fix and kept staring at the vegetable scraps for some time. Suddenly,

an idea flashed across his mind.

He took all the vegetable bits, washed them and cleaned them well.

Then he cut them into long strips. He put them in a huge pot and placed it on the fire to cook. Next, he ground some fresh coconut, green chillies and garlic together. He added this paste and some salt to the cooking vegetables.

A tempting smell started coming from the pot.

Now he whipped some curd and added it to the curry. He also poured a few spoonfuls of coconut oil and decorated the dish with curry leaves.

Lo and behold! The new dish was ready. The cook served this new dish to the guests that evening.

Everyone was eager to know the name of the new dish. The cook thought and thought. Then a name came to his mind. He named it *avial* (uh-vi-ul).

Avial became famous all over Kerala and is now one of the dishes in a traditional Kerala feast. And imagine, it all came from a basket of waste!

READING TIME

In every country of the world, there are stories which have been handed down from grandparents to grandchildren or which have been sung by mothers to their babies. These stories are called **folk tales** and tell us about the customs and culture of the place they are set in.

A Kerala folk tale and a Santhal folk tale have been retold in this unit. The teacher should encourage children to read folk tales from different parts of the country. The mother tongue can be given its due place by being used for discussion and understanding, along with teaching of English.

The **Poem** and **Say Aloud** activities should be done through imitation — the teacher first and then the children. Poems could be recited in groups. They may also be presented through dramatisation, actions etc. in the school assembly. The children can make big cutouts of ice creams and vegetables or dress up as particular vegetables or ice-cream and recite the poem. You could think of a suitable rhythm for the poem.

CONVERSATION TIME

The **Let's Talk** section can begin with a discussion started by the teacher, in this case on environment and recycling of waste. This can be done with the help of a practical example of children making paper bags from old newspaper. These bags could be given to the neighbourhood provision store to be used instead of plastic bags. Remember, paper bags are environment friendly. Old newspapers can also be used to make envelopes of different sizes and masks for school plays.

WRITING TIME

When we use several sentences to tell others about something that we have seen, read, heard or done, it is called a report. For **Report Writing** the teacher, along with the children, should first go through the report on Uncle Lal's farm. The children can then do the guided report on ice creams available in their area or on food, toyshops, soaps, some animal, care of pets etc.

PROJECT WORK

A creative activity should be followed by a presentation before the entire class. The poems, recipes, the findings of any task etc. could be done as group activities and presented or displayed in the classroom. This sharing is as important an experience as any individual activity.
