SURVEY-PEOPLE WHO KEEP ANIMALS

Talk to some people in your neighborhood who keep one or more animals for their livelihood—for example, a horse for a tonga, hens for eggs, etc.

- Name the animal they keep?
- How many animals are there?
- Is there a separate place for the animals?
- Who looks after them?
- What do the animals eat?
- Do the animals ever fall ill? What does the keeper do then?
- Make some more questions and discuss.
- Make a report on your project and read it out in the class

Answer: Let us assume there is a milkman who has 5 cows. He has also constructed a separate room to maintain these cows. Along with the cows there are calves which is kept at a distance away from the cows. The milkman and his wife look after these cows and calves by providing them grass, fodder etc. Sometimes the cow too falls sick which is then been looked after by the veterinary doctor. Hence these cows in turn give milk, by

selling the milk, milkman lives his livelihood.

WHAT WE HAVE LEARNT

Q1. The government has made a law that no one can catch and keep snakes. What do you think about this law? Give reasons for your answer and write in your own words.

Answer: The government has made a law that no one can catch and keep snakes. I support this law. Since many animals are made captive by killing its freedom, no human has any right to take one's freedom. To earn a livelihood out of grabbing animal's freedom is wrong. I completely support this law of not catching and keeping the animals captive.
