Answer:

I spent Rs 1500 on book this year.

3. What kind of a school uniform would you like to wear?

Answer:

I would like to wear white polo t-shirt, blue pants, white socks, black shoes and a blue jacket.

Staying in School

Let us talk

1. Do you know someone who wanted to study, but could not do so? Talk about them in the class.

Answer:

Yes, I know a boy who lives around my house. His name is Ravi. He wanted to study but could not do so due to his family problems. He had to go for work in order to help his family survive. Although child labour is an offense in our county, his case is special. Being the only male in this family, he had to take up the responsibility of taking care of his family at this young age.

2. Every child has a right to free education up to Class VIII. Do you think that all children are able to study up to Class VIII? Discuss.

Answer:

No, I don't think that all children are able to study up to class VIII although they have the right to free education up to class VIII. This is because of various family related problems a child has and Ravi is an example of such a child.

From School to Bee-keeping

1. Have you seen any insects near flower? Find out their names and write.

Answer:

Yes, I have seen insects near flower. They are butterfly and honeybee.

2. Why do you think they come to the flowers? Find out.

Answer:

They come to the flowers to collect the nectar produced by the flowers.

3. When honeybees fly, there is a kind of sound. Can you try to copy this sound?

Answer:

Yes, they produce a buzzing sound when flying and we can try to copy that sound.

Becoming a Bee-keeper

1. What do people in your area put on the part of the body where the bee has stung?

Answer:

People in my area usually put lime, apply onion, vinegar or ice on the part of the body where the bee has stung.

2. Draw a picture of a honeybee in your notebook. Colour it and give it a name.

Answer:

I will name it Peekuu.

3. The litchi trees come to flower in February. I put all my four boxes near the litchi orchards. I got 12 kilograms of honey from each box. I sold this honey in the market. This was my first earning from my bees. Now I have 20 boxes.

What will be the total cost of Anita's 20 boxes?

Answer:

It is given in the passage that the cost on 1 box = Rs 2000.

Hence, the cost of 20 boxes will be = Rs 2000 x 20 = Rs 40,000

Find out
