

Curtailing of Course Content at Elementary Level for the Academic Year 2020-21

Subject: Science Class: VII Name of Textbook, If any: Science textbook for class VII NCERT

Sr. No.	Existing Content (Name & Sr. No. of Topic/Chapter/Unit)	Content Curtailed (Chapter/Topic/Subtopic/ Theme/Concept)	Remark, if any.
1	Nutrition in Plants	-----	
2	Nutrition in Animals	-----	
3	Fibre To Fabric	3.2- Silk (entire unit)	
4	Heat	4.4 Part of Convection – Sea Breeze & Land Breeze	
5	Acids, Bases & Salts	5.3 – Neutralization 5.4 – Neutralization In Everyday Life	
6	Physical & Chemical Changes	Activities 6.6,6.7 & 6.8 and their Explanations Unit 6.4 – Crystallization	
7	Weather, Climate & Adaptations of Animals to climate	7.1 Weather 7.2 Climate	
8	Winds, Storms & Cyclones	8.4 – Wind Currents are generated due to uneven heating on the earth 8.5 -Thunderstorms & Cyclones 8.6 – Destruction caused by cyclones 8.7 – Effective Safety Measures 8.8 – Advanced Technology Has helped	

9	Soil	9.5 – Moisture in Soil 9.6 – Absorption of Water by Soil 9.7- Soil & Crops	
10	Respiration in Organisms	10.7 – Do plants also respire?	
11	Transportation in animals and plants	11.2 Excretion in animals Activity 11.3 & Transpiration	
12	Reproduction in Plants	12.2 - Sexual reproduction 12.3 – Fruits & Seed formation 12.4 – Seed Dispersal	
13	Motion and time	13.5- Distance time graph	
14	Electric current and its effects	14.3- Magnetic effect of Electric current- 14.4- Electromagnet 14.5- Electric Bell	
15	Light	15.5- Images formed by lenses 15.6 – Sunlight - white or colored	
16	Water A Precious Resource	-----	
17	Forests Our Life Line	-----	
18	Waste Water Story	18.7- Sanitation & Disease 18.8 – Alternative arrangement for sewage disposal 18.9 – Sanitation at public places
