

## Class: X Session: 2022-23 Computer Applications (Code 165) Marking Scheme (Theory)

Maximum Marks: 50 Time Allowed: 2 hours

QNO		Distribution of marks	Total Marks
	Section A	1	
1	a. Digital Divide		1
2	c india.gov.in		1
3	c. Diksha		1
4	a. SMTP		1
5	d. Sending Multimedia Content		1
6	a. Website		1
7	c. <i></i>		1
8	b. Inline		1
9	b.		1
10	b. src		1
11	(a) Both Assertion (A) and Reason (R) are true and Reason (R) is a correct explanation of Assertion (A).	_	1
12	(c) Assertion (A) is true and Reason (R) is false.	7//	1
	Section - B	76.	
13	E-learning refers to a learning system that we can obtain through the internet using an electronic device.	1	
	Site: https://swayam.gov.in/ (or any other valid w-learning website)	1	2
14	<ol> <li>Lack of Interaction</li> <li>Delay in delivery</li> <li>(Any other valid disadvantage)</li> </ol>	1 1	2
	OR  1. It helps in learning more – It increases your understanding of a subject or lesson.  2. It helps in generating more ideas about a topic. (Any other valid disadvantage)	1	2
15	Hyperlink allows us to link HTML elements (text and/or image) to another document or new section within the current document.  Name: anchor tag, Syntax <a href="Link Address">Hyperlink Text</a>	1 mark for each point	2
16	The software that is owned by an individual or company who published it is known as the proprietary software. E.g.: Adobe Flash, MS Office	.5	
	The software that is available for anyone to access or change the code is known as Open Source software.	.5	2
	E.g.: Open Office, Chrome. (Mentioning any other example as well)	.5	2
	OR		
	Buying and selling of goods and services over the internet is known as e-	1 mark for	2

Commerce. Privacy issues in e-commerce are Phishing and Spamming (Any other valid issue)  17 Advantages of CSS  • It helps to make consistent and spontaneous changes in web pages. • It improves the loading speed of the page. • It improves the loading speed of the page. • It improves the loading speed of the page. • It has better device compatibility. (Any other valid advantage is accepted)  18 The alink factive link) color appears while the mouse is clicking the link. The vlink (visited link) is the color of the link after the user has visited it. • chody link="Color name" vilink="Color name" alink="Color name">  (J.5 marks for each definition and 1 marks for correct syntax)  OR  The cdd> tag is used to describe a term/name in a description list. The • cdd> tag is used in conjunction with <dl> (defines a description list. The • cdd&gt; tag is used in conjunction with <dl> (defines a description list). • Submit Button allow the user to send the form data onwards for processing. Reset button allow the user to clear the form fields of all entered information.  Section — C  • Plagiarism: When you use another person's words or ideas and try to pass them off as your own. Two Steps to avoid plagiarism • Properly quote and paraphrase and add your own examples. • Properly quote and paraphrase and add your own examples. 1 a com suggests that the URL belongs to a commercial organization. b. HTTPS component identifies the type of protocol. c. It defines that webstle is secured for any type of transaction. 1 a com suggests that the URL belongs to a commercial organization. b.        </center>
       Motivational books or speeches create a positive and optimistic impact on
       your life. They boost your confidence and help in developing a positive
       outlook towards life. Books make you realize how powerful you can be in
       your life.
       Some of the books Motivational Indian Books and its authors:
       <caption>Popular Books in India</caption>
       You are Born to Blossom 
         Dr APJ Abdul Kalam 
        The Monk Who Sold His Ferrari
        Robin Sharma
